Re: C00331769  
12 Day Pre-Primary Report (1/1/02-2/13/02)

Dear Ms. Sugarman:

I have been asked to respond to your inquiry dated May 2, 2002. Please note the following items for your inquiry:

The committee's solicitations include a clear and conspicuous request for contributor information. The solicitations also include a clear statement that the information is required under the Federal Election Act. I have attached a copy of a solicitation envelope that is used by the committee.

The committee's accountant forwards listings with missing contributor information to the committee and its professional fundraising consultants on a regular basis. The fundraisers for the committee and committee staff follow up with requests for information within the required 30 day period, usually much sooner. I have attached a version of the form letter and a copy of the reply envelope that is generally used by the committee to obtain this information. The followup correspondence also includes a clear statement that the information is required under the Federal Election Act.

Due to the short time frame involved in the 12 day Pre-Primary Report (1/1/02-2/13/02), responses were not received in time for inclusion in the report and the committee anticipates filing amendments in the future as additional information is received from contributors during that time period.

Should you have any questions, please call me.

Sincerely,  
PATRICK J. KOZLOWSKI
